

MANAGED IT FOR LOCAL GOVERNMENT

Council IT that's secure, simple and accountable.

Unicorn IT's Council IT Division gives councils enterprise-grade cyber security, audit-ready governance and friendly support from real humans — for one transparent per-user price.

WHAT WE DO

Everything a council needs from IT

Managed IT & help desk

Unlimited support and fast local help for every user and device.

Networks, fibre & internet

Firewalls, Wi-Fi, private networks, NBN and business fibre across every site.

Mac, devices & procurement

Jamf, Intune, hardware sourcing, imaging, asset registers and disposal.

CCTV & access control

IP cameras, mobile monitoring and secure door access for council facilities.

Cyber security & SOC

Essential Eight protection with 24/7 detection and investigation.

Cloud, M365 & backup

Licensing, identity and immutable recovery for Microsoft 365, servers and files.

VoIP & collaboration

Council telephony, Teams calling and collaboration for office and mobile teams.

Cabling, fit-outs & public Wi-Fi

Structured cabling and safe connectivity for civic and community spaces.

Threat response & compliance

Incident recovery plus Essential Eight, ISO 27001, SMB 1001 and NIST guidance.

Servers & storage

Proactive support, secure storage, restore testing and disaster recovery.

Managed print

Fleet audits, follow-me printing, maintenance, toner and usage reporting.

Consulting, hosting & training

Roadmaps, virtual CIO, web hosting, password management and security awareness.

GOVERNANCE FIRST

Built for accountability

Audit-ready reporting

Monthly reports your Audit & Risk Committee can actually read.

Records & privacy

Retention-aware backup that supports your records obligations.

Essential Eight

Mapped maturity, tracked progress and a plan to lift every control.

Access governance

MFA everywhere, joiners/movers/leavers handled, access reviewed.

One plan. Everything included.

COUNCIL PLAN — GOLD

\$229

per user / month ex GST

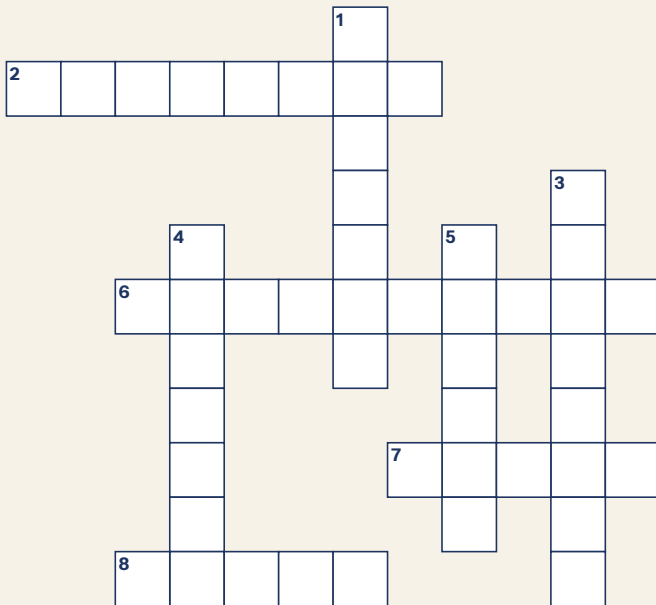

No lock-in surprises. One predictable line in your budget.

- Unlimited remote support
- M365 Business Premium licence
- O365 backup & recovery
- MFA & identity management
- SentinelOne Complete EDR
- Guardz 24/7/365 MDR
- Intune endpoint configuration
- Proactive monitoring & patching
- Web hosting (10GB) & DNS
- Email signature manager
- IT governance & roadmap
- Strategic quarterly reviews

Worked example: a council with 60 staff pays \$13,740/month ex GST — support, licensing, security, backup and governance all in one predictable line.

TAKE A BREAK

The Council IT crossword

Across

- 2 Fixing software flaws before attackers find them (8)
- 6 What audit committees want to see working (10)
- 7 Independent review of controls (5)
- 8 Where Microsoft 365 lives (5)

Down

- 1 Mythical creature in our name (7)
- 3 Our Gold plan goes hard on this (8)
- 4 Local government body we proudly serve (7)
- 5 Copy of data you hope you never need (6)
